

# Core Maths Pedagogy...

# MATHSHUBS

GREAT NORTH

## What is the Work Group?

The FULLY FUNDED Work Group is being offered in partnership with AMSP.

During the Work Group you will further develop teaching approaches to support the open-ended and contextualised problem-solving skills Core Maths students need and explore effective links to teaching in other subject areas.

You will explore effective ways of teaching key content to best support your students in the context of Covid recovery. It's an opportunity for those new and experienced teachers to discuss and develop strategies to best support their students over the coming year.

## Dates and Venue

All sessions will be held at [Whitley Bay High School](#)

- Session 1: 09/11/21 3pm-5pm
- Session 2: 01/12/21 12.20pm-4.30pm
- Session 3: 16/02/22 10am-3pm
- Session 4: 01/03/22 3pm-5pm

## Advantages of the Work Group:

- ✓ Understand the role of Core Maths in promoting contextualised problem-solving within GCSE Maths
- ✓ Apply related pedagogical approaches in Core Maths teaching to support Covid recovery
- ✓ Help students make connections and deepen mathematical understanding
- ✓ Share approaches to the planning and delivery of the Core Maths curriculum with other teachers across the region
- ✓ Develop teaching and learning approaches and pedagogy to promote engagement of students
- ✓ Explore a range of common Core Maths approaches and topics (e.g. Fermi problems, critical analysis of numbers in the media) and their use of pre-release materials.

## More questions?

Our Post 16 Lead, Eleanor Baggaley will be more than happy to discuss this with you, or answer any questions that you may have. Please get in touch to arrange a meeting: [eleanor.baggaley@churchillcc.org](mailto:eleanor.baggaley@churchillcc.org)
